ICS4ICS Newsletter June 17, 2025

BCP Guide - Please provide feedback

A BCP Guide was drafted by ICS4ICS to help companies create their BCP Program and establish BCP capabilities. BCP capabilities are critical for ICS4ICS and Cyber Incident Response programs. ICS4ICS_BCP_Guide_DRAFT 1.pdf

Please reply to ics4ics@isa.org if you have feedback.

The ICS4ICS Exercise Team continues to create and update several ICS4ICS Guides and Templates. These documents will be posted to our website in July. We will add training videos starting in August.

ICS4ICS Credentials

Over 70 people have obtained their ICS4ICS Credentials enabling them to perform over 135 ICS4ICS roles.   You can obtain your ICS4ICS Type 4 (entry level) Credentials by taking 15 hours of FEMA training. No application is required.   For more information visit https://www.ics4ics.org/training-and-credentials

ICS4ICS Awareness & Outreach

The ICS4ICS Awareness & Outreach Team is coordinating several presentations and exercises at various conferences to create awareness of ICS4ICS. Contact icsi4ics@isa.org if you have a conference that would benefit from an ICS4ICS presentation or exercise.

Other ICS4ICS-related NEWS:
